Epson TM-T88V-DT

DATASHEET

Retailers can streamline operations, save space and reduce costs with the Epson TM-T88V-DT – a unique integrated terminal hub and thermal receipt printer designed to work with the web. Ideal for retailers moving from legacy systems to a full web environment, the TM-T88V-DT has a built-in controller that can seamlessly connect peripheral devices and work as a web server.

The TM-T88V-DT is equipped with an internal Apache web server, Windows® Embedded POSReady and ePOS-Device, enabling retailers to take full advantage of web-based applications and thin client solutions. POS peripherals - such as scanners, magnetic stripe readers, customer displays, scales and EFT (electronic funds transfer) terminals – can be conveniently controlled through the web without the need for additional drivers, and connected using the printer's USB ports and VGA port.

Offering retailers significant cost savings, the TM-T88V-DT is a standalone, all-inone solution that doesn't need a connection to a PC or POS terminal. This reduces the amount of hardware needed, cutting energy usage and reducing maintenance and servicing expenses. The printer's 'paper save' feature lower costs further.

The TM-T88V-DT provides full resilience, with local storage that can be used to back-up POS applications and databases - so if the network becomes disconnected, sales won't stop.

With a stylish, compact design that saves valuable counter space, the TM-T88V-DT is available in new tones of black or white to match the latest mobile devices.

KEY FEATURES

- Integrated design
 No PC or POS terminal needed
- ePOS-Device
 Control peripherals from the web
- Cuts costs
 Less devices to maintain
- Full resilience
 Processor and storage for back-up
- Smart design
 Stylish and space saving

PRODUCT SPECIFICATIONS

INTERFACES

Interfaces Ethernet interface (100 Base-TX / 10 Base-T), USB 2.0 Type A (6x), RS-232, VGA out, Stereo

mini jack audio out, Drawer kick-out

GENERAL

Product dimensions 145 x 279 x 183 mm (Width x Depth x Height)

Product weight 3.2 kg

Installation horizontally

Humidity Operation 10% - 90%, Storage 10% - 90%

Temperature Operation 5° C - 45° C, Storage -10° C - 50° C

FONTS & STYLES

Print Speed 300 mm/sec
Printing Font ANK

Character size 0.99 mm (W) x 2.4 mm (H) / 1.41 mm (W) x 3.39 mm (H)
Character set 95 Alphanumeric, 18 set International, 128 x 43 Graphic

Dot density 180 dpi x 180 dpi

DATA BUFFER

Data Buffer 4 kB or 45 Bytes

OTHER FEATURES

CPU Atom E640 1.0GHz, Atom E680 1.6GHz

Cutter Partial Cu

Preloaded SW WebPOS Config, ePOS-Device®

Sensors Unit open sensor, Paper End Sensor, Paper Near End Sensor

Storage 16GB SSD

OTHER

Warranty 12 months Carry in

LOGISTICS INFORMATION

Dimensions Single Carton	400 x 250 x 278 mm
Carton Weight	4.5 Kg

Epson TM-T88V-DT

WHAT'S IN THE BOX

- AC Adaptor
- Cable cover
- Main unit
- Paper roll spacer
- Thermal roll paper

OPTIONAL ACCESSORIES

• Epson OT-WL01 (732): Wireless LAN set for Epson TM-i

C32C890732
